Jullie weten allemaal hoeveel pijn het doet als je bij het eten in je wang bijt...

## DAT ZAL NIET MEER GEBEUREN

dankzij de nieuwe uitvinding van Guust Flater:

### DE KAUWGUUST

Trekt je wangen weg dankzij twee verticaal regelbare zuig-  
gnapjes die op alle kaken passen.

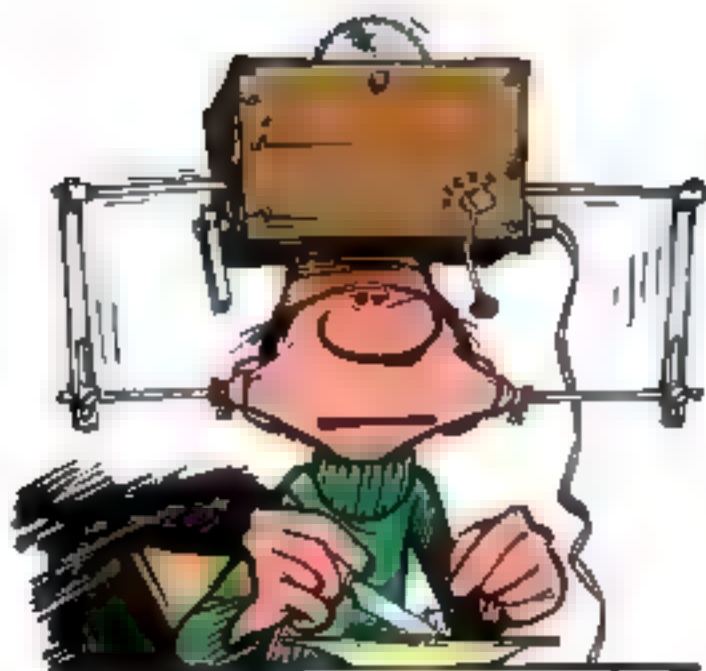

Het is voldoende dat je kauwt als je wangen zijn weggetrokken.

Vier gesynchroniseerde versnellingen: hoe meer haast je  
hebt, des te vlugger eet je! In de vrijstand kun je toch nog met  
je tafelbuur praten.

Werkt zowel op 220 als op 110 volt (met transformator tegen  
bijbetaling).

Luxe-uitvoering, met de hand gevernist hout, drie laagjes. Een  
sieraad, zelfs op de elegantste tafel!

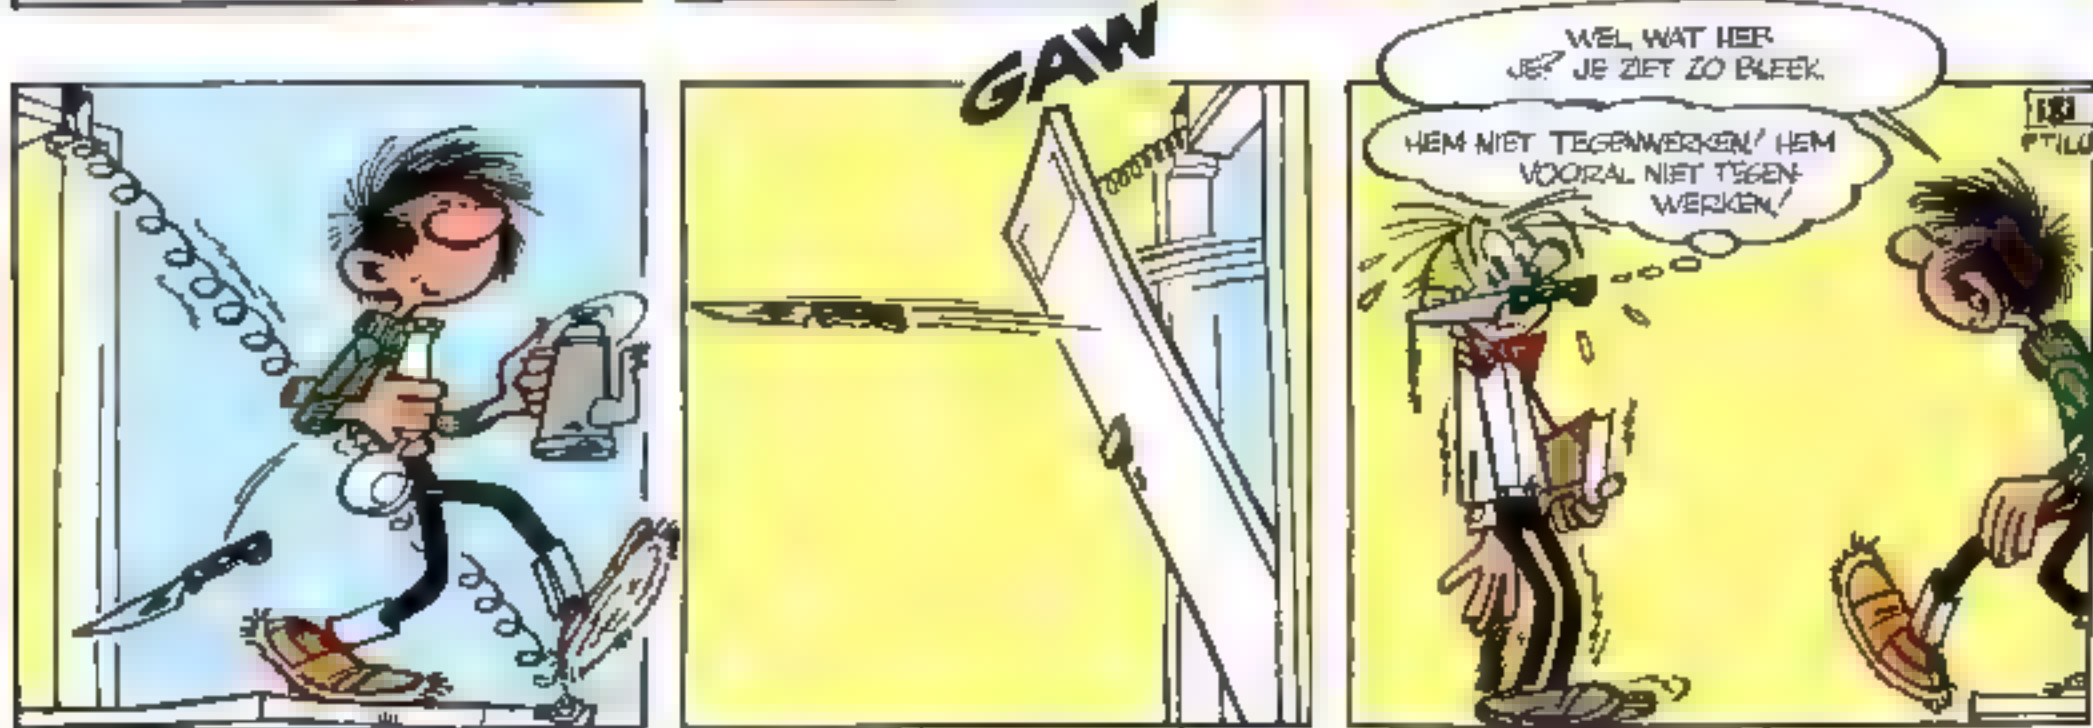

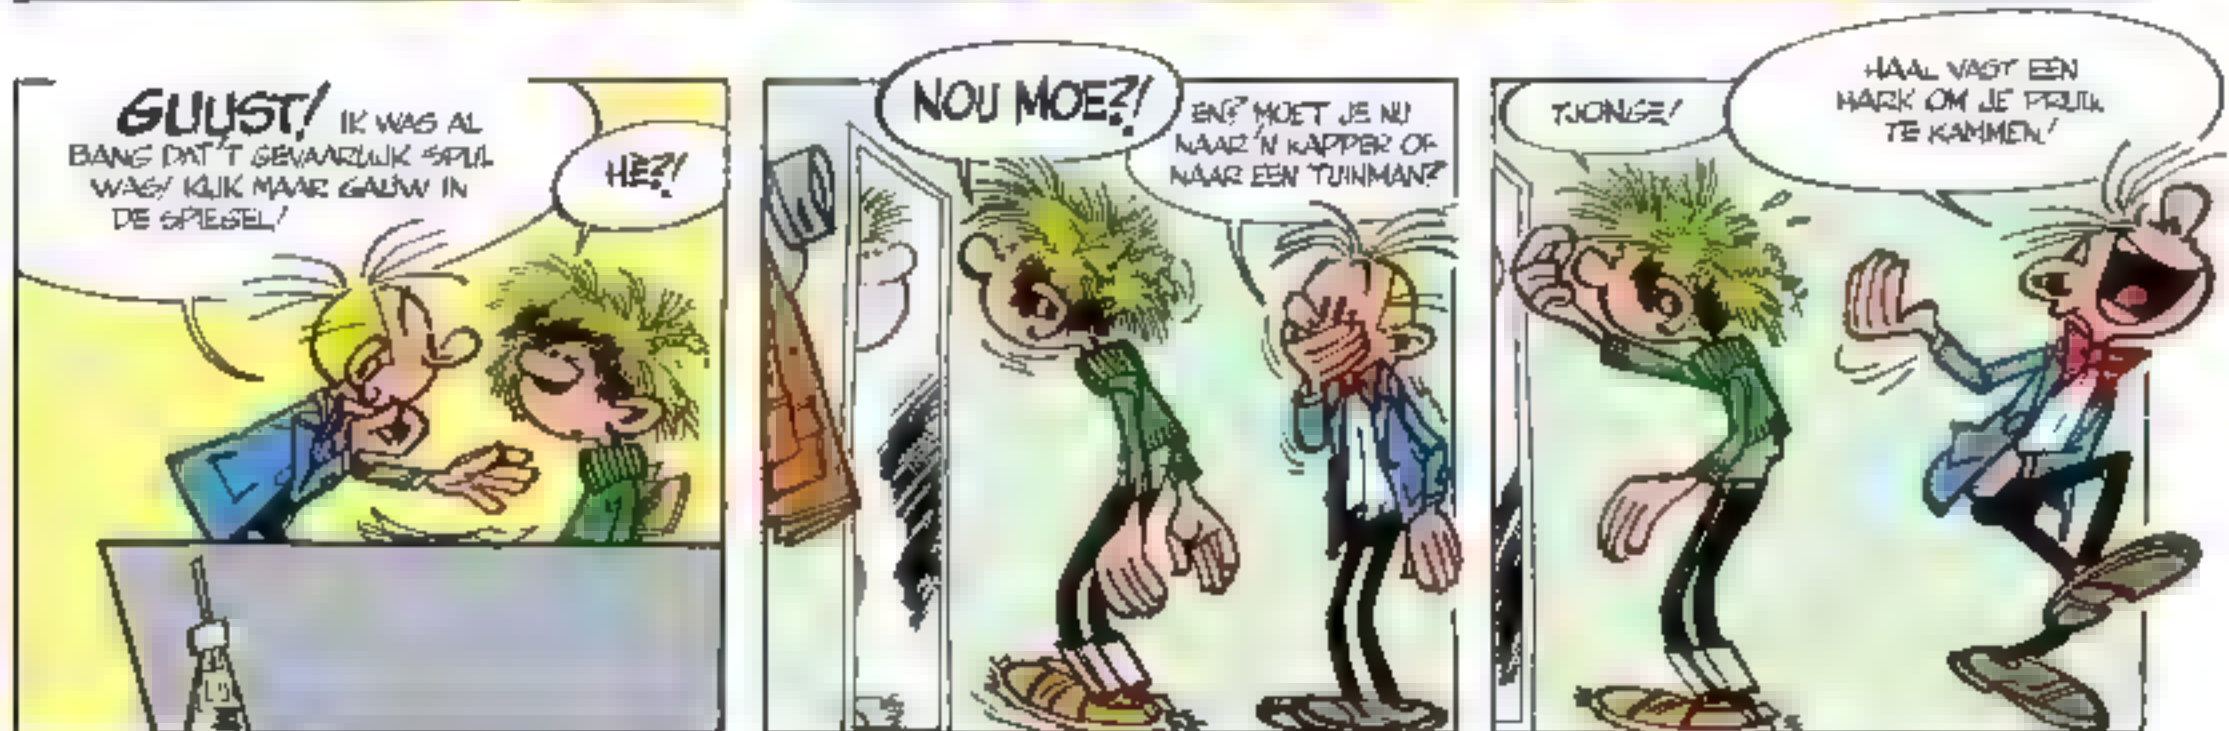

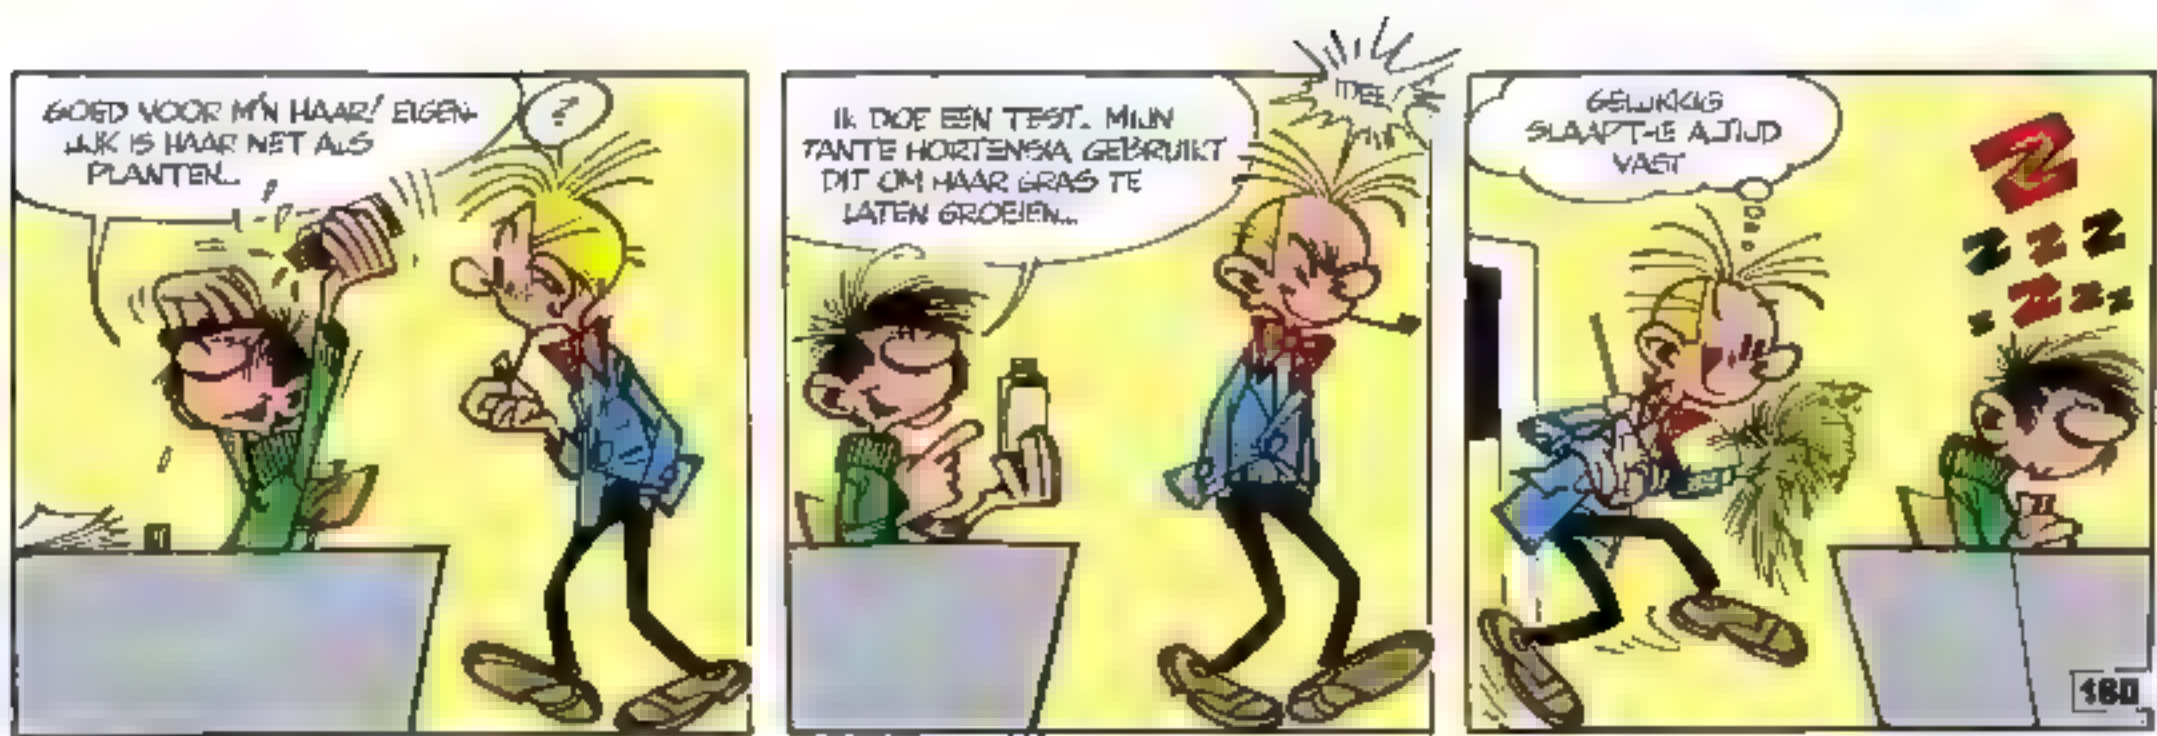

Voor op reis, voor je vakantie, voor het kamperen moet je het  
draagbare model vragen. Dit werkt op 27 batterijen van 2,5  
volt. Je kunt met dezelfde batterijen twee maaltijden van nor-  
male lengte gebruiken!

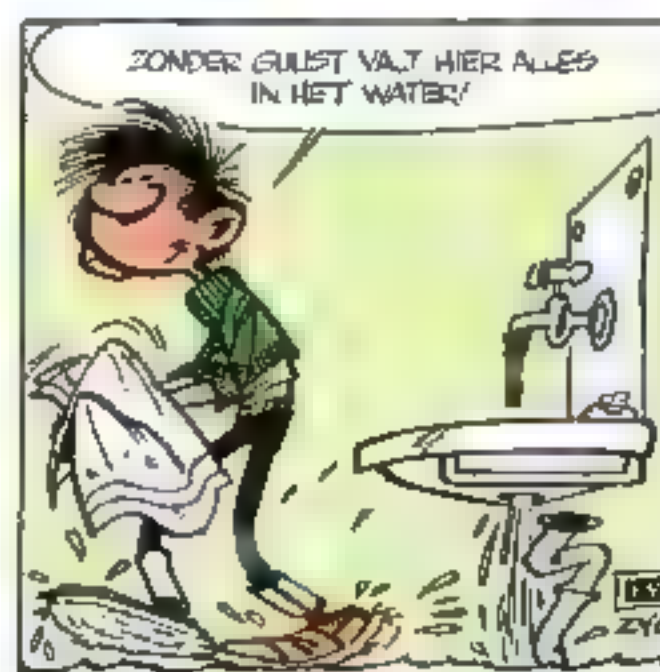

Vraag gratis een folder over de kauwguust in alle winkels van  
elektrische huishoudelijke apparaten!
